

I've been told that among life's most extraordinary moments is witnessing a total solar eclipse—the day the sky surrenders to darkness, the sun disappears, the world holds its breath...and we dance in the dark. It's something I never thought I'd experienced... until now.

On August 2, 2027, together with a group of C2C travelers I will stand beneath that shadow for the very first time—and I want you there with me. Join me and as we set sail in pure luxury aboard Regent Cruises, charting a course directly into the path of this rare and awe-inspiring cosmic event. Together, we won't just watch history—we'll sail into it.

This adventure will also take our C2C group to places yet unvisited such as Malta, Sardinia and Livorno, the gateway to Tuscan towns such as Pisa, Lucca and Florence!

**IMPORTANT:** Regent now lists this sailing as “sold out”, but C2C still has a limited number of rooms in our group inventory at prices lower than Regent's advertised rates. This remaining inventory is scheduled to be recalled by Regent shortly...so, if you are interested, PLEASE contact me as ASAP. We can hold a room without a deposit for several days.
